The prices do not include VAT.

The amount of the recycling contribution covers the fixed costs of data collection and reporting by the collecting scheme to the competent authorities, which are related to each producer of electrical equipment, provided that the producer has paid recycling contributions to the collecting scheme in excess of CZK 5 000, excluding VAT, during one calendar year. If the producer does not meet this condition, he is obliged to pay a lump sum of 2 000 CZK, excluding VAT, to the collecting scheme for these costs. This amount shall be payable in arrears after the end of each calendar year or after the termination of the legal relations under the collective performance agreement with the collective scheme (whichever is earlier), on the basis of a tax document - an invoice issued by the collective scheme within fifteen (15) days of the relevant fact, payable 30 days from the date of issue.
